DAYLILIES (HEMEROCALIS)

Unusually disease and pest free. They bloom year after year, even if neglected. But, the more care and water you give them the greater the reward. More bloom scapes and the flowers are larger as each year passes. Many bloom twice a year. Shipments may be made most any time of the year or as ground conditions permit. All orders of \$5.00 are prepaid. Less size orders require 50 cents extra for postage and packing. They may be shipped with Iris orders, and if so combined, only the total Iris and Daylily order may be \$5.00 or more to avoid extra postage.
